2023 NOVA Open Warmachine MKIV

Tournament Overview

Warmachine at the NOVA Open promises to provide a diverse range of activities for Warmachine Gamers of all types. Celebrating the first year of MKIV's launch, this year will host a mix of classic NOVA favorites such as the IG Qualifier and introduce some brand-new events like the King of Coin Finals, NOVA Steamroller and team narrative campaign. This year's schedule promotes a balance between hyper competitive tournaments for seasoned players and more casual events for our returning and new players. Our team has been hard at work throughout 2022 and 2023 to bring brand new thematic tables to NOVA Open all set in the world of the Iron Kingdoms. Events will be hosted by Delaware Warmachine and the Tried & True podcast team.
